

[tune] This Little Light ....[Explain that everyone is invited to speak at the mike. Then]:

(optional 1st verse) If you have a protest sign, come up and stand in line,  
To share your thoughts, please do; we want to hear from you.  
For when we share our hearts, we grow collective smarts.  
Take a stand. We can win. Let's begin.

ICE thugs coming here; It's something that we fear.  
We will resist the hate; we will not hesitate.  
We'll take a stand for Good, in every neighborhood.  
Hand in hand, we can win; let's begin.

ICE, let us be clear. We do not want you here.  
Spreading hate and fear, in places we hold dear.  
You are doing wrong; Be gone, just run along.  
We demand, That you go, We say no.

The Epstein files they show, that Trump has stooped so low,  
The East Wing's been wiped out, No wonder people shout,  
We will take no more, We'll shove the Donald out the door.  
Take a stand, We can win, Let's begin.

Mother Nature is mad; we've treated her so bad;  
Oceans rising higher; floods and droughts and fires;  
It's something we all know; Fossil fuels have got to go.  
Take a stand, We can win, Let's begin.

We must take a stand; It's what the time demands.  
We can build a better land, if we do it hand in hand;  
That's why we're in the street. Let's say it and repeat:  
Take a stand, We can win, Let's begin.

Children everywhere, Will get the proper care;  
Health care will be for all; That is our urgent call;  
A home for everyone; True happiness begun.  
Take a stand; we can win; let's begin.

When we stand hand in hand, our power will expand;  
If we stand hand-in-hand, we will win back our land.  
That's why we're in the street; say it and repeat.  
Take a stand, We can win, Let's begin.

Democracy's on fire; the flames grow ever higher;  
We can put the fire out; of that there is no doubt.  
We will do what's right; Do it both day and night.  
Take a stand, We can win, Let's begin.

Mother Nature needs us now; so let's all take a vow,  
To respect our precious land, together let us band.  
Take only what we need, and let us all plant seeds.  
Take a stand, We can win, Let's begin.

We must take a stand; It's what the time demands.  
We can build a better land, if we do it hand in hand;  
We can control our fate. It is not too late.
