

1 - If you have a protest sign, come up and stand in line,  
To share your thoughts, please do; we want to hear from you.

Take a stand. Hand in hand, we can win.

Take a stand; Hand in hand, we can win.

5 - And, ICE, let us be clear. We do not want you here.  
Spreading hate and fear, in places we hold dear.  
You are doing wrong; Be gone, just run along.  
Take a stand. Hand in hand, we can win.

6 - Straight, gay or Black or white; if we treat each other right;  
We build community; and solidarity;

Take a stand; hand in hand, we can win.

Oceans rising higher; floods and droughts and fires;  
It's something we all know; Fossil fuels have got to go.

Our country's in bad shape, we WON'T hesitate.
